

# Stratitec Pigmented Black Ink EIR500MLKP

Stratitec Pigmented Black Ink provides the highest quality printing.

Actual print sample made by Canon iP3000 printer on plain paper (GP Image Plus Premium Inkjet Paper), shown magnified about 3x to reveal detail.

Black printing on a colored background is clear and clean

No visible bleed-through from printing on the other side of the page

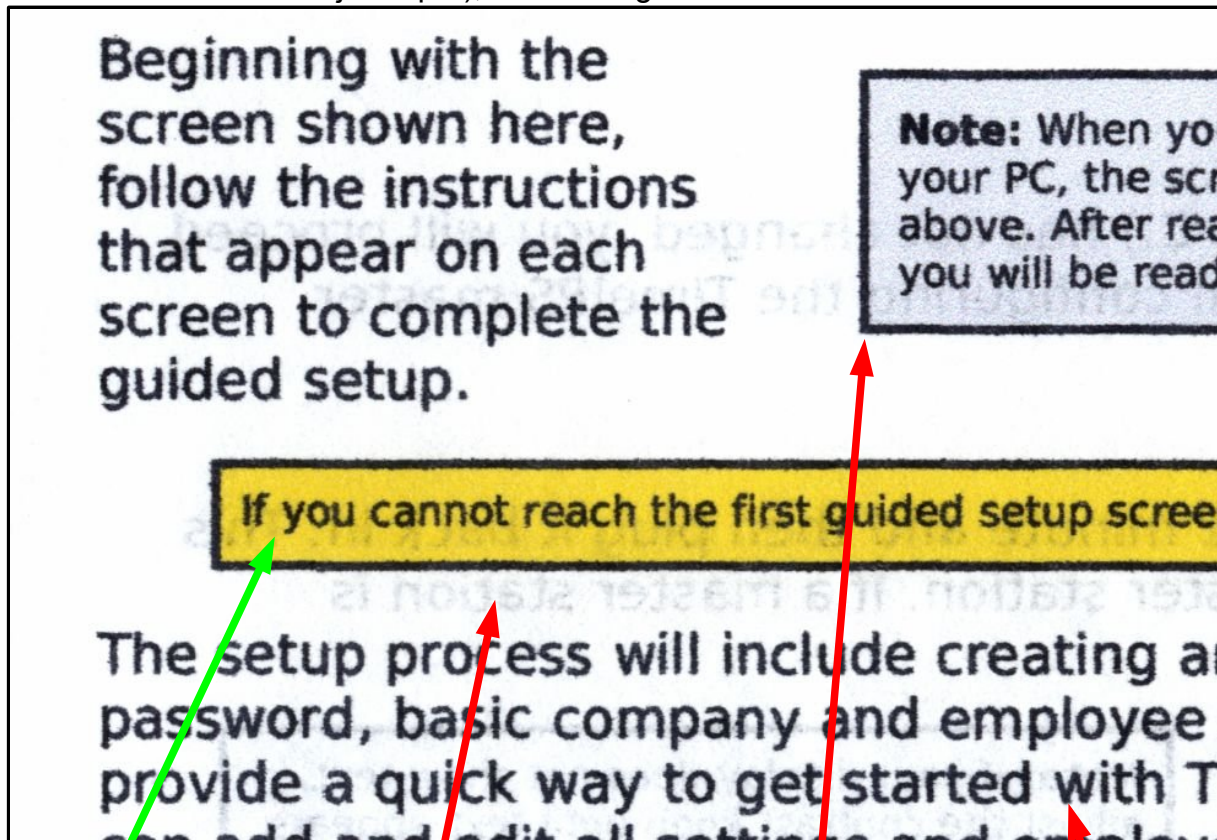

Black lines are straight and clean, even when next to colors

Very dark, clean text

# Stratitec Dye Black Ink EIR88MLK

Stratitec Dye Black Ink provides a good balance of print quality and price but is not as good as Stratitec Pigmented ink.

Actual print sample made by Canon iP3000 printer on plain paper (GP Image Plus Premium Inkjet Paper), shown magnified about 3x to reveal detail.

Black printing on a colored background is readable, but not extremely sharp

Visible bleed-through from printing on the other side of the page

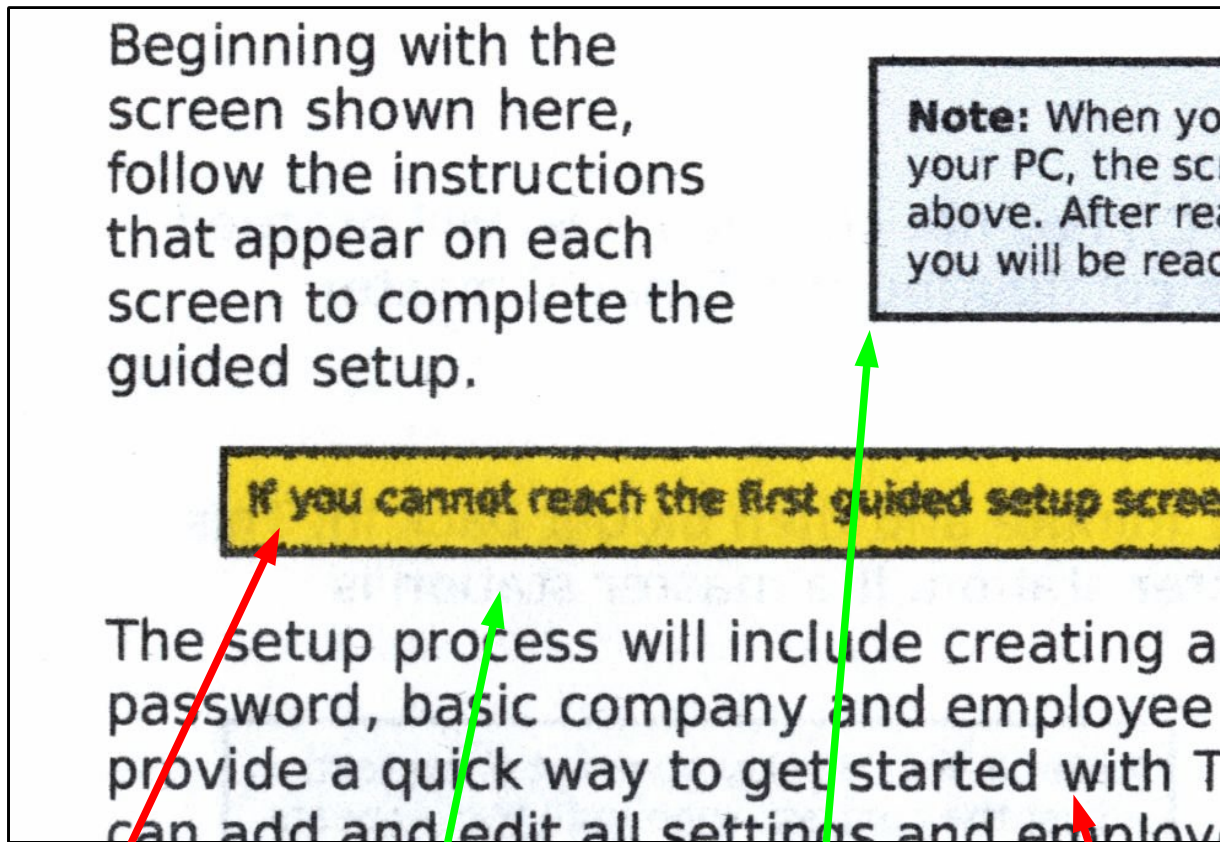

Black lines are a little blurry, not as clear as pigmented ink

Text is a little blurry, not as clear as Stratitec pigmented ink

# Generic Pigmented Black Ink

This Generic Pigmented Black Ink is blurry when printed next to color, and provides modest quality printing.

Actual print sample made by Canon iP3000 printer on plain paper (GP Image Plus Premium Inkjet Paper), shown magnified about 3x to reveal detail.

Black printing on a colored background muddy and hard to read

Only slight visible bleed-through from printing on the other side of the page

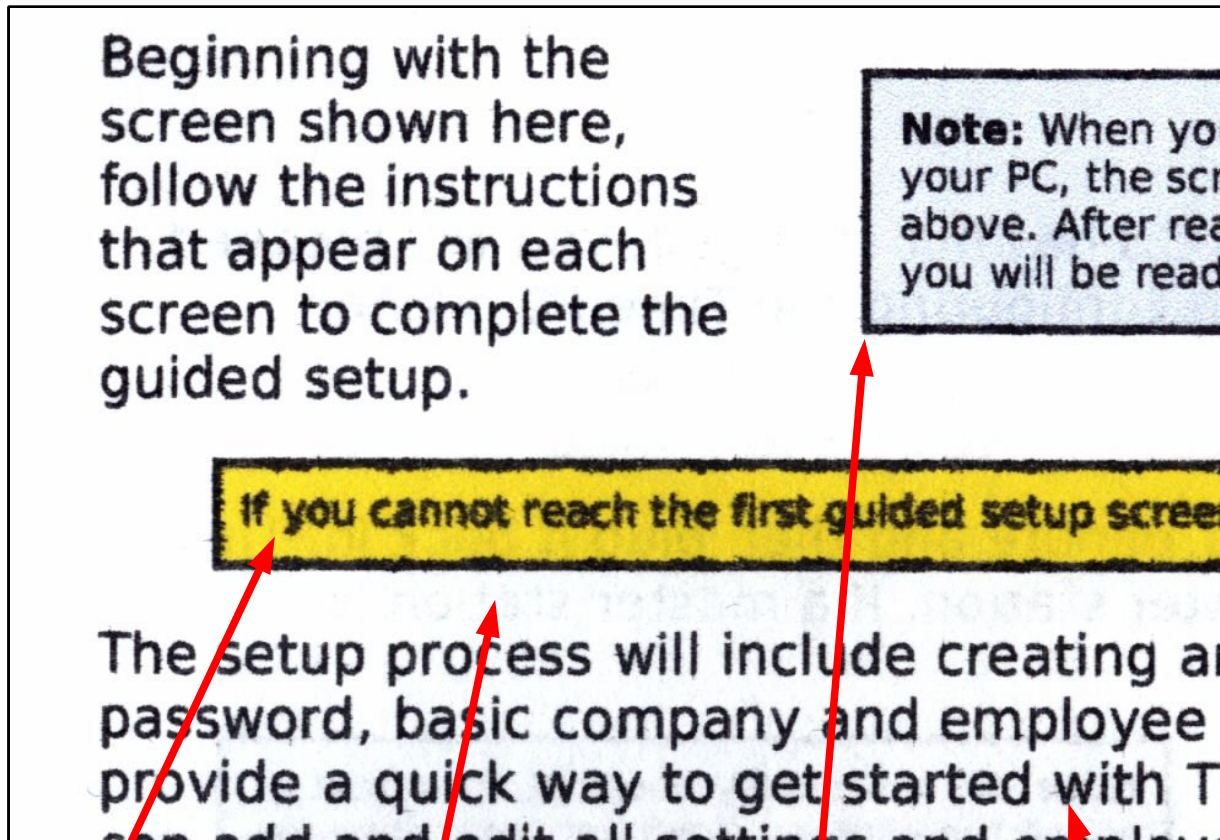

Black lines are straight and fairly clean

Text is not as clear as Stratitec pigmented ink

# Generic Dye Black Ink

This Generic Dye ink is very blurry when printed next to color.

Actual print sample made by Canon iP3000 printer on plain paper (GP Image Plus Premium Inkjet Paper), shown magnified about 3x to reveal detail.

Black printing on a colored background is muddy and hard to read

Some bleed-through from printing on the other side of the page

Black lines are a little blurry, not as clear as pigmented ink

Text is a little blurry, not as clear as pigmented ink
